3 Things You Need to Know

There's Still Time to Become a Sponsor of the 2022 Animal Health Summit

Don't miss your opportunity to promote your brand in front of over 500 animal health industry professionals.

Platinum, gold, and silver level sponsorships remain available!

Norbrook is Addressing Complex Respiratory Disease in Sows

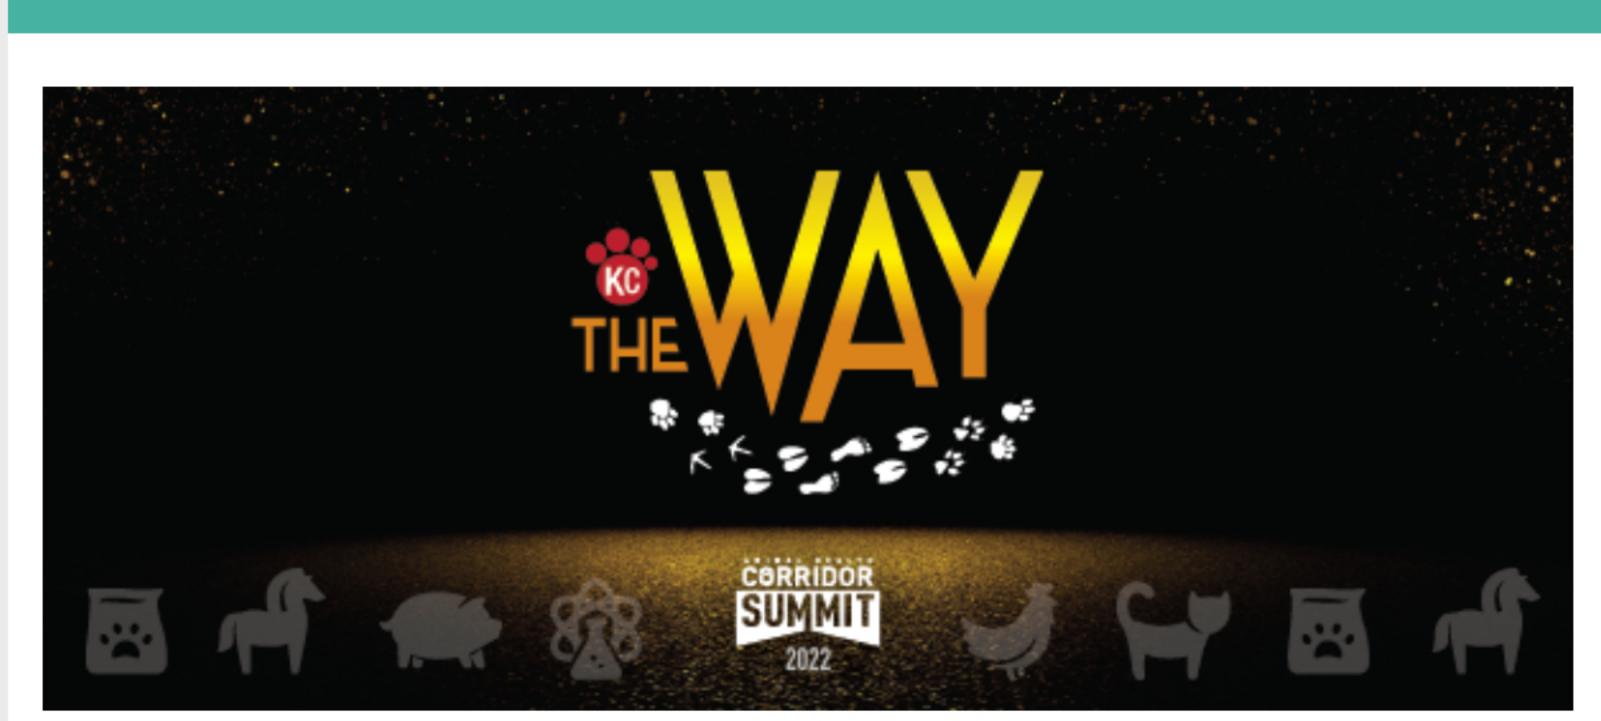

Antibiotics play an important role in managing viral-bacterial diseases and keeping sows productive. This **new product** is a quality, affordable way to treat common diseases like swine bacterial respiratory disease, bovine respiratory disease as well as foot rot, and metritis in cattle.

Dairy Farmers of America Became an Animal Health Corridor Member

Matt Musselman, Vice President of Dairy Farmers of America's (DFA) Farm Services division, became a member of the Animal Health Corridor. Learn more about DFA and the role Matt plays here.

CORRIDOR CONVERSATIONS

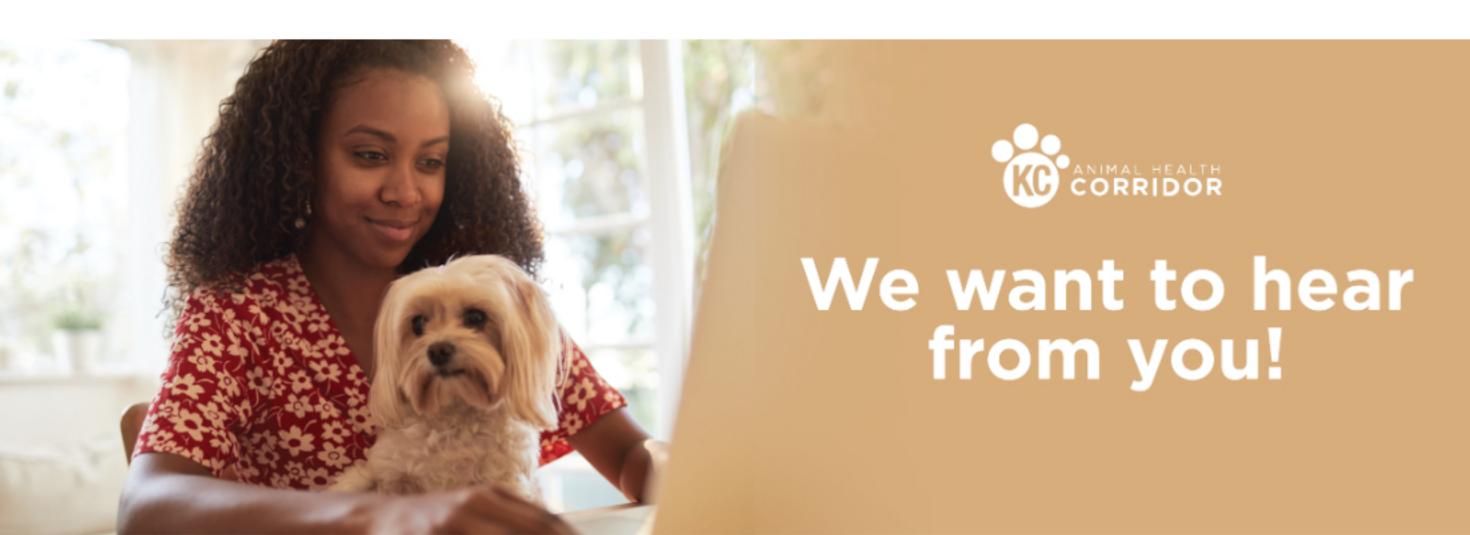

The Countdown is on for the 2022 Animal Health Summit - August 29th & 30th

Sprawling across the historic Midland Theatre, the Animal Health Corridor will be host to over 500 industry professionals. Including experts in innovation, marketing, finance, innovation, and more.

Expect two days of networking, 1:1 business partnering, industry thought leaders, panels, and emerging company presentations. This is a one-of-a-kind experience that can only be found in Kansas City with the Animal Health Corridor.

Agenda

Register Today

The second half of the year tout some of the animal health industry's must-attend conferences.

As we return to in-person events, we would love to know what your best networking tips are.

Ideas include your go-to icebreaker, how to best remember the names of new people, and maybe even a networking horror story!

These tips will be highlighted on our Twitter and featured on our blog.

We hope to provide young professionals and students interested in pursuing a career in Animal Health with helpful tools.
